BAKING

1. Mix together granulated sugar and ground cinnamon; set aside
2. In warm water, dissolve yeast and granulated sugar; set aside for 5 minutes
3. In a mixer, add warm milk, granulated sugar, melted butter, salt, eggs, and yeast mixture
4. Slowly add 4 cups of flour to the mixture; beat until smooth
5. Stir in enough remaining flour to form slightly stiff dough
6. Place dough into a large greased bowl, cover, and allow to rise in a warm place until doubled in size, about 1 to 1.5 hours
7. Punch down dough and let rest for 5 minutes
8. Roll dough out onto a floured surface into a 15"x20" rectangle
9. Brush ½ cup melted butter over dough; sprinkle cinnamon sugar evenly over dough
10. Tightly roll dough up and pinch edges together to seal; cut the roll into 12-15 slices
11. Coat the bottom of a 12" dutch oven or 13"x9"x2" baking pan generously with butter
12. Sprinkle with 1/3 cup of sugar
13. Allow to rise in a warm place for about 45 minutes
14. Bake at 350 degrees for 25-30 minutes or until golden brown
15. Beat together cream cheese, butter, vanilla extract, and powdered sugar; spread on warm rolls

• Allow the rolls to cool slightly before frosting for best results.
